Professional Experience

CNA – The Oaks at Woodstock Assisted Living
Woodstock, GA | 2023 – Present

- Provide daily care for 8-10 residents in an assisted living setting, focusing on companionship and daily living support.
- Accurately document and remind residents of scheduled medications under nurse supervision.
- Assist residents with safe ambulation throughout the facility, using gait belts as needed.
- Build rapport with residents through conversation, games, and shared activities.
- Recognized by supervisors for punctuality, attentiveness, and positive resident feedback.

Student CNA Clinical Rotation – Northside Hospital Cherokee
Canton, GA | 2023 (3 months)

- Completed 120 hours of clinical training on a geriatric medical floor.
- Assisted nurses with patient care, including bathing, feeding, and turning.
- Practiced vital sign monitoring, documentation, and professional communication.
- Gained experience in a fast-paced healthcare environment.

Approach to New Caregiving

- Proactive Learner: Asks questions, takes detailed notes, and seeks feedback to improve skills.
 - Safety-First Mindset: Adheres strictly to protocols for medication safety, infection control, and mobility assistance.
 - Relationship-Oriented: Believes trust is built through consistency, respect, and active listening.
 - Professional Demeanor: Maintains clear boundaries, confidentiality, and a respectful attitude.
